TRECENTO FLORENCE *The Proto-Renaissance*

08 SEP - 03 OCT 2025

Our Trecento Florence course covers the artistic awakening that took place throughout the fourteenth century. Against a backdrop of rapid economic growth, turbulent political change, famine and war, artists including Cimabue, Arnolfo di Cambio, Giotto, Andrea Pisano, Bernardo Daddi, Orcagna, Andrea di Buonaiuto and Agnolo Gaddi skilfully catered to new contemporary religious, cultural and political aspirations, forging a new style and marking the beginning of the dominant figurative tradition in Western European art.

CINQUECENTO FLORENCE *The High Renaissance*

03 NOV - 28 NOV 2025

No era of artistic achievement is as renowned as the so-called 'High' Renaissance of the 16th century, and no country holds a higher place in that period than Italy. The supreme works created by masters such as Michelangelo, Pontormo, Bronzino, Vasari and Giambologna established a canon of beauty and benchmark of 'perfection' that pervades Western culture to this day. This course explores the rise of this legendary style, the friendships and bitter rivalries that existed between these men, and their powerful patrons in Florence and throughout Europe.
