MEDIEVAL FLORENCE

07 JAN - 31 JAN 2025

31 MAR - 18 APR 2025

AFTERNOONS

Our Medieval Florence course covers the artistic awakening that took place in Florence during the twelfth, thirteenth and fourteenth centuries. Against a backdrop of rapid economic growth, turbulent political change, famine and war, artists including Cimabue, Arnolfo di Cambio, Giotto, Andrea Pisano, Bernardo Daddi, Orcagna, Andrea di Buonaiuto, Taddeo and Agnolo Gaddi skilfully catered to new contemporary religious, cultural and political aspirations, forging a new style and marking the beginning of the dominant figurative tradition in Western European art.

AFTERNOONS

Our Renaissance Florence course surveys the historical factors which made Florence such a receptive setting for the patronage and cultivation of intellectual and artistic ideas during the Renaissance. A constellation of artists and architects including Brunelleschi, Ghiberti, Donatello, Masaccio, Botticelli, Leonardo, Michelangelo, Pontormo and Bronzino all created ground-breaking works for Florentine institutions and families that are considered milestones in the history of Western art today.

GRAND-TOUR FLORENCE

02 MAR - 28 MAR 2025

AFTERNOONS

Our Grand-Tour Florence course examines the fascinating, lesser-known currents of Florentine art after the Renaissance. Through the patronage of later Medici and Lorraine Grand Dukes, Florence became a highlight of the Grand Tour, and home to a dazzling array of foreign aesthetes, bohemians and aristocrats, paving the way for Florence's elevation to capital of the Napoleonic Kingdom of Etruria. Discover the historic allure of Destination Florence online or at the British Institute cultural centre in Palazzo Lanfredini!
